WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

8. SHOWING

The enclosed statement will show that the delay in timely payment of the maintenance fee was unavoidable since reasonable care was taken to ensure that the maintenance fee would be paid timely and that this petition is being filed promptly after the patentee was notified of, or otherwise became aware of, the expiration of the patent. The statement must enumerate the steps taken to ensure timely payment of the maintenance fee, the date and the manner in which the patentee became aware of the expiration of the patent, and the steps taken to file the petition promptly.

9. PETITIONER(S) REQUESTS THAT THE DELAYED PAYMENT OF THE MAINTENANCE FEE BE ACCEPTED AND THE PATENT REINSTATED.

P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This statement is submitted in support of a Petition to Accept Unavoidably Delayed Payment of Maintenance Fee in an Expired Patent (37 C.F.R. § 1.378(b)). The undersigned hereby states that:

1. it is the normal practice upon issuance of a patent for the firm of the undersigned to docket due dates for 3.5 year, 7.5 year, and 11.5 year maintenance fees into a computer docketing system, IPMaster, based upon the issue date of the patent and to use IPMaster to generate docket reports identifying maintenance fee due dates;

2. as a result of a clerical error, upon issuance of the subject patent, maintenance fee due dates were incorrectly docketed for September 25, 2004, September 25, 2008, and September 25, 2012, the 3.5 year maintenance fee due September 25, 2000, was not docketed, and the 3.5 year maintenance fee was not paid;

Patent No. RE36770
Statement in Support of Petition to Accept
Unavoidably Delayed Payment of Maintenance Fee

2

Docket No.: 105773.0132

3. the error in docketing maintenance fee due dates was noted and corrected subsequent to the 3.5 year maintenance fee due date, however, due to another clerical error when correcting the docketing record nonpayment of the 3.5 year maintenance fee was not noted (attached hereto is a copy of the docket record of the subject patent);

4. the errors in docketing and failing to note nonpayment of the 3.5 year maintenance fee were clerical in nature and were the sole cause of the delay in payment of the 3.5 year maintenance fee;

5. it is the normal practice of the firm of the undersigned to record and identify all incoming mail from the Office relating to a patent or patent application in the docket record of the patent or patent application;

6. a notice relating to nonpayment of the maintenance fee, i.e., a Maintenance Fee Reminder or a Notice of Patent Expiration, or any other communication indicating that the subject patent had expired was not received at the fee address (see the attached copy of the docket record of the subject patent), a notice of expiration of the subject patent was not printed in the Official Gazette, and the patent status as identified in the Patent Application Information Retrieval (PAIR) system continues to identify the subject patent as a "Patented Case" and does not identify the status as "Expired" (a printout of the "Bibliographic Data" from the PAIR system is attached);

7. the undersigned first became aware of nonpayment of the 3.5 year maintenance fee on September 19, 2008, upon review of the application record in advance of the September 25, 2008, due date for payment of the 11.5 year maintenance fee;

8. the delay in payment of the 3.5 year maintenance fee is believed to be unavoidable in view of the reasonable care taken to docket and monitor the maintenance fee due date and to monitor communications relating to maintenance fee payment;

9. believing the patent to be in force, authorization to charge the 7.5 year maintenance fee to Deposit Account No. 23-2185 was provided to the Office on August 27, 2004, and receipt of

Patent No. RE36770
Statement in Support of Petition to Accept
Unavoidably Delayed Payment of Maintenance Fee

3

Docket No.: 105773.0132

said authorization acknowledged (attached hereto is a copy of the maintenance fee transmittal and return receipt with an OIPE date stamp of August 27, 2004);

10. any notice relating to the 7.5 year maintenance fee, i.e., notice of payment, nonpayment, or non-acceptance, was not received at the fee address, and the subject patent was still believed to be in force (please refer to the attached docket record);

11. the undersigned first became aware that the Office did not process payment of the 7.5 year maintenance fee on September 22, 2008, upon review of the August 2004 Statement of Deposit Account No. 23-2185 (a copy of which is attached hereto; additional maintenance fees included in the transmittal submitted August 27, 2004, were charged to Deposit Account No. 23-2185 on August 30, 2004); and

12. the delay in payment of the 7.5 year maintenance fee is believed to be unavoidable since authorization to charge the maintenance fee payment was provided to the Office and any notice of non-acceptance of payment or notice of nonpayment was not received at the fee address of record.
